

**Los Angeles County – Department of Health Services**  
**Specialty Referrals on Referral Processing System (RPS) and eConsult**

**Attachment D**

The following is a list of specialty services from the County. This is a comprehensive list provided for your reference. This is not a list of all specialty services available for My Health LA participants.

The following Specialty Clinics are on the **Referral Processing System (RPS)**:

- |                                 |   |
|---------------------------------|---|
| - Allergy (Adult)*              | - Various Pediatrics* (including Surgery-<br>not yet on <i>eConsult</i> ) |
| - Bariatric Surgery             |   |
| - Burn*                         |   |
| - Coumadin*                     | <u>Advanced Diagnostics:</u>  |
| - Dental*                       | - Audiology*  |
| - Geriatrics*                   | - Cardiology Lab*   |
| - Gastroenterology* (Pediatric) | - Echocardiogram*   |
| - Nutrition*                    | - Neurology Lab*  |
| - Pathology*                    | - Primary Care*   |
| - Rheumatology* (Pediatric)     | - Pulmonary Lab*  |
| - Trauma Surgery*               | - Radiology*  |
|                                 | <u>Other Projects:</u>  |
|                                 | - Mental Health*  |

\*Note: transitioning to **eConsult** monthly.

This is current as of March 5, 2015. New Specialties are brought on **eConsult** regularly so this list will change. Check **eConsult** to see which new services have been onboarded.

The following Specialty Clinics are currently on **eConsult** (with exception of what is still on *RPS*) and are for all ages unless otherwise indicated:
